

## Create a Holistic Rubric

This document explains how to create a holistic rubric using the **Rubrics** tool in D2L Brightspace. Rubrics are a great way to make your grading easier and more transparent to your students.

- Navigate to the **Rubrics** tool by clicking the **Assessment** dropdown on the navbar and select the “*Rubrics*” option.

- Click the blue **New Rubric** button to create a rubric.

# eLearning

- Enter a name for your rubric in the text box below **Name\***.

Name\*

Untitled

Note: Rubrics auto save your changes as you make them. As noted by the "Saved" text at the top of the page

✓ Saved

- Set the rubric type to **Type: Holistic**. The default should be **Type: Analytic**. Simply click on the type to change it in the dropdown that appears, and select *Holistic*.

Type: Holistic ▼

- Set how you want to have the rubric scored from the **Scoring:** option next to the rubric type. You can choose either **No Score** or **Percentage**.

Scoring: Percentage ▼

- You can change the order in which the levels appear by clicking the **Reverse Level Order** link.

↔ Reverse Level Order

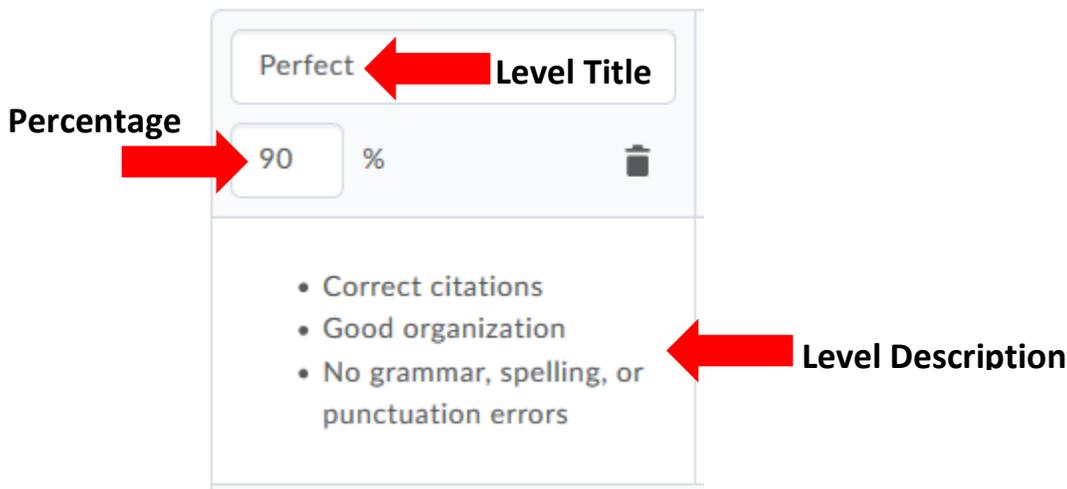

# eLearning

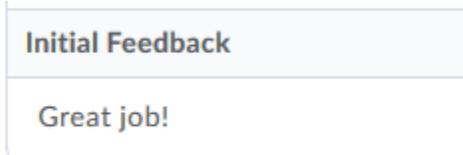

- Add new levels by clicking the + icon on either side of the default levels that appear. To delete a level, click the **Trash can** icon within the level.

- Edit the level titles, percentages, and the description for them by clicking on their text boxes.

- You can add **Initial Feedback** that will be given to students if they achieve the appropriate level on the rubric while you are grading with it.

- Click the arrow next to **Options** to edit options for the rubric

Options

# eLearning

- Rubric options you can set include:

- Whether or not the rubric is visible to students

#### Rubric Visibility

- Rubric is visible to students
- Rubric is hidden from students
- Rubric is hidden from students until feedback is published

- Whether or not the scores on the rubric are visible to students

#### Score Visibility

- Hide scores from students

- A description for the rubric that is only visible to you

#### Description

Add a description for your personal reference. It will not be shared with students

- Click the grey **Close** button to return to the **Rubrics** page once you have completed the rubric.
